At (company name) we love paper.
Naturally Sustainable Paper Provides Good Paying Jobs. Use It.
PAPER Use It. It's Naturally Sustainable.
Feel It. Touch It. Love It. Use It. PAPER The sustainable resource.
Paper is one of the most recyclable, renewable and natural mediums for communication. If you print, please recycle.
Print and paper have a great environmental story to tell. 'Two Sides' is an initiative by companies from the Graphic Communications supply chain including Forestry, Pulp, Paper, Inks and Chemicals, Pre Press, Press, Finishing, Publishing and Printing. Our common goal is to promote the responsible production and use of print and paper, and dispel common environmental misconceptions by providing users with verifiable information on why Print and Paper is an attractive, practical and sustainable communications medium.
There are more trees in the world today than there were 100 years ago, yet there is also more paper than 100 years ago...go figure.
After you print this email, please recycle it. Paper is renewable and recyclable. Visit www.paperrecycles.org for more information.
